The Change

Dear Reader,

Try to imagine... Five hundred years into the future, nine of every ten babies born are female. Men have been enslaved for their own protection and the only way to get a man is to enter the Network Games and win.

The catch?

It is a live battle to the death, where competition is fierce and even the winners leave damaged.

Finally of legal age and ready to challenge the rulers who make them all exist in this torment, one fiery female will put everything on the line to rescue her stolen mate from the Games and create a world where the Network doesn't exist.

Who's ready to play?
