When Europe Went Mad: A Brief History of the First World War

Terence T. Finn

When Europe Went Mad: A Brief History of the First World War Terence T. Finn

"When Europe Went Mad: A Brief History of the First World War" is not your typical World War I read. Terence T. Finn offers his readers the important facts of one of the most significant wars in human history, yet presents it in a concise and comprehensive style meant for the common reader and history buff alike.

"When Europe Went Mad" recounts the harrowing events of a war now nearly a century behind us, and boldly tells the story of the American Expeditionary Force (AEF). Finn reminds the reader that well before General Dwight D. Eisenhower led American G.I.s into combat (1943-1945), John J. Pershing took an American army 'over there' and made history. With grace, Finn resurrects an understanding of this war's significance and ensures that its worldwide impacts, and the lives lost in the name of it, are never forgotten.
