- Management chapters include numerous tables to facilitate differential diagnoses and summarize management strategies.
- Resource boxes inform readers of helpful websites as well as organizations and useful printed materials.
- The Environmental Health chapter is specially updated to address more key toxicants, and presents resources for diagnosis and management.
- Theories and applications of complementary care are discussed in the Complementary Therapies chapter. Tables on herbal interactions and many complementary treatments for common childhood conditions are featured.
- Color inserts feature 31 full-color photographs illustrating ear, skin, and other conditions and symptoms.
- The Pediatric Medication appendix includes the latest drugs used in pediatric primary care with specific dosing for infant, children, adolescents, and adults when applicable.
- Other appendices present growth charts, laboratory values and the latest asthma management guidelines.
- Updated content includes in-depth discussion of childhood obesity and mental health problems.
- Additional information on urgent care of children is included in the disease management sections.
- Discussion Forum questions are included with each management chapter.
