A comprehensive exposition of the Kaplan-Sheinwold bidding system, incorporating up-to-date aggressive methods. Advantages of this Aggressive Weak No Trump bidding system include: (1) A greater proportion of limit bids and a higher frequency of bids in general, improving communication between partners. (2) More accurate low-level descriptive bids, making it easier during the auction to envision the probable play of the hand and to find your best contract. (3) Increased use of preempts, making it more difficult for the opponents to find their best possible result in a competitive auction.
