Sure you have to take good care of your heart and the internal organs but your skin deserves some care as well. Keeping your skin soft and well-hydrated is important not only for its appearance but for its function as well.

Body butters are more than just your typical lotion. They are typically made from a much higher oil/fat content and provide more hydration and more softening to your skin. These body butters are also typically more easily absorbed into the skin meaning that you get the most of the benefits without the ingredients being washed down the drain or wiped away with a towel or clothing.
