After Angela had been kidnapped, she hoped that Jake would come after her quickly. Talking to the pack leader, Adam, is infuriating and she realizes that they not only have to permanently get rid of him and his men, they have to do so without harming the women and children. She doubts most of them are there on their own free will, and she wants to do something.

When Jake rescues her, they have to come up with a plan that will not endanger anyone. With Angela's pregnancy, this is more important than ever and she doesn't want to lose Jake despite the fact that he is more worried about her safety than his own.

When more people start getting murdered, they know they have to act and act fast, and a plan is put into place. Will they be able to eliminate the threat while saving the women and children, all while coming out of it alive and well, or will someone get hurt in the process? Will Angela and Jake finally get their happily ever after or will everything they've worked so hard for be destroyed in the blink of an eye?
