As a student, I exactly feel bored to be able to read. If their teacher questioned them to go to the library or even make a summary for some e-book, they are complained. Just minor students that have reading's heart or real their leisure activity. They just do what the instructor wants, like asked to the library. They go to right now there but nothing reading very seriously. Any students feel that looking at is not important, boring as well as can't see colorful photos on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever we would like. Likewise, words say, many ways to reach Chinese's country. So, this The Theatre Experience can make you really feel more interested to read.
