When less than 50% of women reach orgasm during intercourse, we are in desperate need of this book. If you can't reach orgasm through thrusting alone, there is nothing wrong with you. Instead of being labeled dysfunctional, perhaps you are ready to reject the conventional definition of intercourse. Intercourse = male ejaculation. This is not acceptable anymore. Five Minutes to Orgasm gives women a simple way to achieve orgasm during sex – by facing the facts. Seventy percent of women need direct clitoral stimulation to achieve orgasm. If you fall into that category, that makes you NORMAL! Quite trying to live up to someone else's arbitrary and outdated standards for satisfaction during sex. And give your guy a break from the pressure of trying to bestow an orgasm upon you by using his penis alone, which he can't do no matter how good he is in the sack. You can finally restore intimacy, excitement and pleasure, when you both reach orgasm consistently with the three tools you will learn in this book.
