Rollback: Repealing Big Government Before the Coming Fiscal Collapse

Thomas E. Woods

Rollback: Repealing Big Government Before the Coming Fiscal Collapse Thomas E. Woods
Thought the last financial crisis was scary? Just wait...it's going to get worse

America is on the brink of financial collapse. Decades of political overpromising and underfunding have created a wave of debt that could swamp our already feeble economy. And the politicians' favorite tricks—raising taxes, borrowing from foreign governments, and printing more money—will only make it worse. Only one thing might save us: Roll back the government.

In *Rollback: Repealing Big Government Before the Coming Fiscal Collapse*, Thomas E. Woods, Jr. explains that we may still have a chance to avert total economic disaster—but only by completely changing our understanding of government. With bracing candor, he dissects just how the political class has nearly destroyed America's economy. In *Rollback*, you'll learn:

Why practically everything you've been taught about government and the economy is wrong—the product of liberal pro-government propaganda

How the Federal Reserve helps create crises and slows recovery

Why big business is no ally in rolling back government and actually wants and needs big government intervention in the marketplace

How current policies, if unchecked, will lead to the collapse of the dollar

How government policies have driven the skyrocketing costs of health care

Why retirement will be a pipe dream for the next generation

How the coming collapse can be turned to your advantage—and the advantage of all who believe in liberty and limited government

Thanks to decades of politicians playing kick the can down the road, we and our children are facing economic Armageddon. But this crisis could help us see government for what it really is—an institution that has seized our wealth and taught our children to honor it as the source of all progress. The good news is it's not too late to roll back government—and the opportunity to do so is now.
