Tired of books you can't get into? Here's the cure. You'll never start a fiction or nonfiction book you won't love. It's continuously updated too, and updates are free.

**FICTION & NONFICTION:** Yes, both, including the must-read titles and then some. Though the best American literature is a primary focus, our reading recommendations also include works from the top authors in the entire English-speaking world: notably Britain, Canada, and Australia. The range of our recommended books is broad, from Pulitzer Prize Winners to the best romance novels; from the most cerebral reads to the most entertaining.

**KINDLE eBOOKS, PAPERBACKS & HARDCOVERS:** Our team of book world insiders steers you to not only book club recommendations and best Kindle books, but to lesser-known critics' favorites, including a number of the best young adult books. Most of these must-read books are available as eBooks, paperback, and hardcover. There are over 1,000 titles, all good reads. Each of the 116 literature genres (fiction and nonfiction) begins with an overview, which might enlighten you to book categories you'd never think to read.

You don't have to belong to a book club to get the book club picks. Our recommended reading goes beyond popular standards and includes many time-tested classics, including the best fiction picks of 125 top authors and the most compelling true-life adventures. For those who've only heard about the best young adult books, here we selected a number of young adult titles that will appeal to even the most seasoned book lovers...of any age. Above all, this is a discovery tool for readers who don't want to waste time or money on books they ultimately won't enjoy. From the great American novel and serious nonfiction to a dreamy love story, it's all here in one book.

## **OUR CRITERIA**

**FICTION:** Big sales are not the only gauge of worth, though our reading recommendations don't ignore the bestsellers either; rather we look for authors with a knack for story-telling as well as those that have perfected a particular writing style. (See "Perfect Fiction" below.)

**NONFICTION:** We strive to steer you to the best nonfiction books and best kindle books by the latest, most respected authorities. Recommended books are by the foremost experts in their fields, including many Pulitzer Prize winners. In some instances we call upon outside experts to make our picks too. For example, Sports Illustrated picks the best sports books; Fortune magazine chooses the best business books. In the case of biographies and memoirs, we recommend only the best ones on a particular individual, since there are so many out there on the same person. Here, you'll find only the best biographies and memoirs, the best written ones that truly reveal the individual.

**PERFECT FICTION** An experienced team of literary professionals chose works that meet three important criteria found in only the best fiction: (1) A story so good you don't want it to end; (2) Unforgettable characters; (3) Writing that hooks you on the first page
