The Nature and Authority of Precedent Neil Duxbury

Neil Duxbury examines how precedents constrain legal decision-makers and how legal decision-makers relax and avoid those constraints. There is no single principle or theory which explains the authority of precedent but rather a number of arguments which raise rebuttable presumptions in favour of precedent-following. This book examines the force and the limitations of these arguments and shows that although the principal requirement of the doctrine of precedent is that courts respect earlier judicial decisions on materially identical facts, the doctrine also requires courts to depart from such decisions when following them would perpetuate legal error or injustice. Not only do judicial precedents not 'bind' judges in the classical-positivist sense, but, were they to do so, they would be ill suited to common-law decision-making. Combining historical inquiry and philosophical analysis, this book will assist anyone seeking to understand how precedent operates as a common-law doctrine.

Louis Trent:

Do you like reading a publication? Confuse to looking for your chosen book? Or your book has been rare? Why so many problem for the book? But almost any people feel that they enjoy intended for reading. Some people likes reading through, not only science book but novel and The Nature and Authority of Precedent or others sources were given know-how for you. After you know how the good a book, you feel want to read more and more. Science publication was created for teacher or maybe students especially. Those textbooks are helping them to put their knowledge. In other case, beside science e-book, any other book likes The Nature and Authority of Precedent to make your spare time more colorful. Many types of book like here.

Suzanne Robbins:

As a college student exactly feel bored to be able to reading. If their teacher questioned them to go to the library or even make summary for some e-book, they are complained. Just very little students that has reading's spirit or real their leisure activity. They just do what the trainer want, like asked to go to the library. They go to at this time there but nothing reading very seriously. Any students feel that reading through is not important, boring and also can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important to suit your needs. As we know that on this period of time, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. So , this The Nature and Authority of Precedent can make you really feel more interested to read.
