Qumran Studies: New Approaches, New Questions

In "Qumran Studies" the texts considered are old - but the questions are new, standard positions are revisited, and issues are reopened with fresh results. "The Dead Sea Scrolls" have undeniably revolutionized scholarly understanding on a number of fronts. This revolution has been ongoing for over fifty years and shows no signs of letting up - especially as full publication of the Scrolls is now complete. With that publication, the important work of interpretation and analysis can continue with a rethinking of earlier analyses in light of the full evidence. This volume makes a signal scholarly contribution toward that end.
