The Mismeasure of Woman

Carol Tavis

The Mismeasure of Woman Carol Tavis

When "man is the measure of all things," woman is forever trying to measure up. In this enlightening book, Carol Tavis unmaskes the widespread but invisible custom -- pervasive in the social sciences, medicine, law, and history -- of treating men as the normal standard, women as abnormal. Tavis expands our vision of normalcy by illuminating the similarities between women and men and showing that the real differences lie not in gender, but in power, resources, and life experiences.

Winner of the American Association for Applied and Preventive Psychology's Distinguished Media Contribution Award
