Miles Reid

Undergraduate Algebraic Geometry (London Mathematical Society Student Texts) Miles Reid

Algebraic geometry is, essentially, the study of the solution of equations and occupies a central position in pure mathematics. With the minimum of prerequisites, Dr. Reid introduces the reader to the basic concepts of algebraic geometry, including: plane conics, cubics and the group law, affine and projective varieties, and nonsingularity and dimension. He stresses the connections the subject has with commutative algebra as well as its relation to topology, differential geometry, and number theory. The book contains numerous examples and exercises illustrating the theory.

From reader reviews:

Melinda Kendall:

This Undergraduate Algebraic Geometry (London Mathematical Society Student Texts) book is simply not ordinary book, you have after that it the world is in your hands. The benefit you get by reading this book will be information inside this book incredible fresh, you will get facts which is getting deeper you read a lot of information you will get. This kind of Undergraduate Algebraic Geometry (London Mathematical Society Student Texts) without we understand teach the one who studying it become critical in contemplating and analyzing. Don't possibly be worry Undergraduate Algebraic Geometry (London Mathematical Society Student Texts) can bring once you are and not make your case space or bookshelves' turn into full because you can have it in your lovely laptop even telephone. This Undergraduate Algebraic Geometry (London Mathematical Society Student Texts) having good arrangement in word and also layout, so you will not really feel uninterested in reading.

Mary Christensen:

Are you kind of active person, only have 10 or 15 minute in your morning to upgrading your mind proficiency or thinking skill also analytical thinking? Then you are receiving problem with the book when compared with can satisfy your short time to read it because all this time you only find publication that need more time to be examine. Undergraduate Algebraic Geometry (London Mathematical Society Student Texts) can be your answer since it can be read by an individual who have those short time problems.

Dianne Haire:

Reading a book to be new life style in this calendar year; every people loves to read a book. When you examine a book you can get a large amount of benefit. When you read guides, you can improve your knowledge, since book has a lot of information onto it. The information that you will get depend on what forms of book that you have read. If you wish to get information about your analysis, you can read education books, but if you want to entertain yourself read a fiction books, this sort of us novel, comics, in addition to soon. The Undergraduate Algebraic Geometry (London Mathematical Society Student Texts) provide you with new experience in looking at a book.

Bruce Davis:

Many people spending their time frame by playing outside using friends, fun activity having family or just watching TV all day every day. You can have new activity to pay your whole day by reading a book. Ugh, ya think reading a book can definitely hard because you have to accept the book everywhere? It all right you can have the e-book, taking everywhere you want in your Touch screen phone. Like Undergraduate Algebraic Geometry (London Mathematical Society Student Texts) which is obtaining the e-book version. So , try out this book? Let's observe.
