The Geek Shall Inherit The Earth: The Reality Engineers, Volume 2 William A. Hainline

Strap on your exoskeleton and prepare to blast-off on an adventure unlike any other in this, the rocket-ride of a sequel to William A. Hainline's instant cult-classic, *What Happens At Con Stays At Con: The Reality Engineers, Volume 1*. Five years after the events of *RetCon XVIII*, Dizzy and her friends—Gadget the inventor, Angelus the cosplaying vampire, his girlfriend Buffy, and Dizzy's mentor, Misto—have settled into their new lives in a world where aliens are a reality, but where the government is as clueless as ever. Dizzy is now a professor at Wenzel U, and Misto is her right-hand-man at Mjolnir Technologies, the mad-science weapons contractor she inherited from her father, Walther. Gadget is hard at work on his Geist-Verstärker Helm, a device which enables him to read the thoughts of others and manipulate physical reality with his mind. And as for Buffy, she's still stripping her way through school . . . and is kept busy in the lab, trying to find a cure for Angelus's vampirism (and her own cursed gift of pyrokinesis), induced by a mystic formula invented by Walther years before. Meanwhile, Angelus has become Dizzy's superhero sidekick whenever she's out fighting crime, a fact that renders both Buffy and Gadget jealous. And as for supervillain Malfoy Totenkopf-Heterodyne? Well, he and his mild-mannered alter-ego Victor are busy trying to find a way to bring Victor's fiancé back from the mostly-dead. To that end, Noonian has made an infernal deal of epic proportions with creatures from beyond the rim of the universe, one that bodes ill for the entire human race . . . so naturally, it's up to Dizzy and her geeky pals to save the day once more. Prepare yourself for this far-darker chapter in the epic story of *The Reality Engineers*. Prepare yourself . . . for *The Geek Shall Inherit The Earth*.

From reader reviews:

Marni Elliott:

People live in this new time of lifestyle always try and must have the time or they will get great deal of stress from both way of life and work. So , whenever we ask do people have extra time, we will say absolutely without a doubt. People is human not a robot. Then we ask again, what kind of activity do you possess when the spare time coming to you of course your answer can unlimited right. Then do you try this one, reading guides. It can be your alternative with spending your spare time, the actual book you have read will be The Geek Shall Inherit The Earth: The Reality Engineers, Volume 2.

Bradford Padgett:

Your reading sixth sense will not betray you actually, why because this The Geek Shall Inherit The Earth: The Reality Engineers, Volume 2 e-book written by well-known writer whose to say well how to make book that may be understand by anyone who all read the book. Written with good manner for you, still dripping wet every ideas and creating skill only for eliminate your own personal hunger then you still doubt The Geek Shall Inherit The Earth: The Reality Engineers, Volume 2 as good book not just by the cover but also from the content. This is one e-book that can break don't judge book by its deal with, so do you still needing yet another sixth sense to pick this specific!? Oh come on your looking at sixth sense already said so why you have to listening to one more sixth sense.

Tim Andrus:

In this period of time globalization it is important to someone to find information. The information will make someone to understand the condition of the world. The fitness of the world makes the information quicker to share. You can find a lot of sources to get information example: internet, newspapers, book, and soon. You will observe that now, a lot of publisher this print many kinds of book. Often the book that recommended for you is The Geek Shall Inherit The Earth: The Reality Engineers, Volume 2 this e-book consist a lot of the information with the condition of this world now. This specific book was represented so why is the world has grown up. The words styles that writer use for explain it is easy to understand. The actual writer made some research when he makes this book. Honestly, that is why this book ideal all of you.

Doris Avey:

As a college student exactly feel bored in order to reading. If their teacher questioned them to go to the library as well as to make summary for some publication, they are complained. Just small students that has reading's soul or real their passion. They just do what the educator want, like asked to go to the library. They go to there but nothing reading really. Any students feel that studying is not important, boring and also can't see colorful photos on there. Yeah, it is to get complicated. Book is very important for you. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore , this The Geek Shall Inherit The Earth: The Reality Engineers, Volume 2 can make you

truly feel more interested to read.
