This publication supersedes AIMD-21.2.7, Guaranteed Loan System Requirements: Checklist for Reviewing Systems Under the Federal Financial Management Improvement Act (Exposure Draft), August 2000. The Federal Financial Management Improvement Act requires agencies to implement and maintain financial management systems that substantially comply with federal financial management system requirements. These requirements are detailed in the guidance issued by the Joint Financial Management Improvement Program and the Office of Management and Budget. GAO issued a checklist that reflects the Joint Financial Management Improvement Program's Revised Guaranteed Loan System Requirements to help (1) agencies implement and monitor their guaranteed loan systems and (2) managers and auditors review agency guaranteed loan systems to determine if they substantially comply with act. This checklist is not required to be used to assess guaranteed loan systems. Rather, it is provided as a tool for use by experienced staff and is one in a series of documents GAO has issued to help agencies improve or maintain effective operations.
