## **International Trade in Agricultural Products** Michael R. Reed

This book explores the broad issues and essential topics involved in international agricultural trade: agricultural policy, foreign direct investment, technical barriers, macroeconomics, the environment, preferential trade agreements. It presents this fundamental material as part of a complete treatment that offers students an understanding of how the current trade regime works, and which parties benefit and lose as the regime changes. Chapter topics include gains from trade, policies of importing and exporting companies, multilateral trade negotiations, European agriculture, and international marketing. For individuals with a background in intermediate microeconomics, ready for an extensive graphical analysis of trade issues.
