Otolaryngology Prep and Practice Jennifer J. Shin, Michael J. Cunningham

Otolaryngology Prep and Practice covers all the major specialty components of otolaryngology: general adult and pediatric otolaryngology, head and neck surgery, otology, and facial plastic surgery.

The goal of this book is to have users not just read, but more importantly, to remember key pieces of information. This book is interactive, has multiple visual aids, and uses a tiered system to help guide studying. The three-level system distinguishes material that is necessary for general otolaryngology examination purposes (for those seeking the basic fundamentals), from that required for higher level learning (for those taking sub-specialty examinations), to that which is intermediate in importance. The content focuses on clinical management decisions and consequences, high yield material from an information retention standpoint. The text includes color photographs, diagrams, practice case scenarios, multiple-choice questions, and various means for self-assessment or studying with a partner.

Key features:

- *In-depth practice cases
- *3-tiered focus questions for all levels
- *Over 80 multiple choice questions and answers
- *Highly-illustrated and full-color throughout
