For several years, the British design scene has been a powerhouse of creativity and the British Council has now launched an exhibition which will tour continental Europe to celebrate young British design. This catalogue documents the very latest--in part unpublished-- work of 40 designers ranging from famous names like Tom Dixon, Jasper Morrison, John Galiano, Peter Saville and Tomato to up-and-coming British talent. The book includes furniture, fashion, jewellery and graphic design, in addition to electronic media. Designed by August Media Ltd in London, where Stephen Coates is Art director, the book is an attractive object in itself.
